Wyoming is about to undergo some exciting changes. Lion Tom Hinderliter of the Basin Lions has finally taken a leap and is NOW accepting Membership for a new Pin Traders Club in the Midwest. Wyoming is wanting a charter club so don't miss out! For those interested please request a membership form from the contact information at the top of this newsletter. Annual Dues are set at \$10.00. There will be 2 pins for the Charter year. Charter members will be regular members.

For those of you who don't already know Tom Hinderliter I will introduce you to him. He has been in Lions since 1991. He is also happy to be a member of the Colorado, Virginia and California pin trader clubs. He includes that he is the Wyoming Pin Chair for the District.

A proud Member of the Merle Team, Melvin Jones Fellow and was given the Anne Sullivan award in Colorado.

Outside of Lions Tom has raised his daughter Marci to be a responsible adult. And although Tom no longer has the duties as a single Dad he does fill his days babysitting his only grandchild, Starsha. She is the apple of his eye and is 19 months old. He is enjoying her youthfulness and innocence and trying to keep up with her as well.

Tom has resided in Basin Wyoming for the past seven years. He moved up to Basin after going into business. He is Co-Owner of Tom's Café. His Café is well liked in the Basin and has opened the doors to some lovely people in the

area as well as introduced many good friendships.

If you ever are in Basin look him up, you are in for a treat!
